

Oberwerk Tripods, Options and Accessories

	<p>Series 2000 Monopod with Grip-Action Ball Head Monopods offer the ultimate in portability and simplicity for binocular support. With the grip-action ball head, tilt to any altitude from horizon to zenith simply by squeezing the lever, then release to lock. Has enough height to stand under the binocular. For up to 8 lbs. Includes case.</p>	\$89.95
	<p>Series 3000 Tripod A very capable tripod and head at a very affordable price. The 3000 Series is rated for up to 9 lbs., so is perfect for binoculars up to 80mm. It has a maximum height of 78" - enough height to allow standing underneath a binocular when it is pointed up at the night sky. Tripod construction is black-anodized aluminum, the pan head is cast aluminum, with a total weight of 8 lbs. The pan head includes a quick release plate and panning handle. Includes carrying case.</p>	\$149.95
	<p>Series 4000 Tripod The Series 4000 is simply the 3000 tripod legs combined with the 5000 head (below). Ideal for those that want a lighter-weight and lower-cost tripod, coupled with a very capable tripod head. Total weight is 9 lbs., handles up to 11 lbs. Includes case.</p>	\$209.95
	<p>Series 5000 Tripod The Oberwerk 5000 Series tripod and head is the best value on the market for a heavy-duty tripod for binocular astronomy. It has a high load capacity (up to 16 lbs.) and plenty of height (7 feet!) to allow standing underneath a binocular when it is pointed up at the night sky. Tripod construction is black-anodized aluminum, the fluid head is cast aluminum, with a total weight of 13 lbs. The fluid head includes a quick release plate and dual panning handles. Includes padded case.</p>	\$279.95
	<p>Series 2000 Extra Quick-Release Plate</p>	\$8.00
	<p>Series 3000 Extra Quick-Release Plate</p>	\$8.00
	<p>Series 5000 Extra Quick-Release Plate</p>	\$10.00
	<p>Oberwerk Heavy-Duty L Adapter Perfect for mounting any size binocular with 1/4-20 threading to a 1/4-20 tripod head. Very strong metal casting, with rubber insert on bottom, which prevents adapter from swiveling on tripod head.</p>	\$14.95
